DETAILED ACTION

A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicants' submission, filed 4/4/05, has been entered.

Amended claims 36 and 41-43, filed 4/4/05, are acknowledged.

Claims herein under examination are 1 and 36-43.

Applicant's arguments, filed 4/4/05, with respect to claims 1 and 36-43 have been fully considered and are persuasive. The previous rejections have been withdrawn.

REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

The invention directed to an isolated biopolymer marker peptide consisting of amino acid residues 2-11 of SEQ ID NO: 1, a method for diagnosing myocardial infarction, congestive heart failure, or intracerebral hemorrhage via comparison of mass spectrum profiles consisting of the claimed peptide, and a kit for determining the presence of claimed peptide, which are not found in the prior art. The lack of written description rejection for claims 36-40, filed 10/29/03, was removed once the limitations "effective to maximize" (claim 36), "and" (claim 36, line 15), and "cerebrospinal" (claim 38) were deleted. The lack of scope of enablement rejection for claims

Art Unit: 1631

36-40 was removed once these claims recited necessary preparation steps to get the sample in a form that can be analyzed by mass spectrometry. The 35 USC 112, 2nd paragraph, rejection of claims 36-40 was removed once these claims recited necessary preparation steps to get the sample in a form that can be analyzed by mass spectrometry. Because no outstanding rejections remain, the claimed invention is deemed allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably **accompany** the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
